At The Athletic Kingdom Martial Arts club, we have a clear vision on what we want to achieve and the legacy we would like to create. We welcome any further feedback on our current club charter.

1. To work towards creating a community within our club that is inclusive and representative of those willing to join our classes and align with our purposes and principles.
2. To create a long-lasting tradition of martial arts proficiency within our club by working towards building a legacy that will enable people to feel safe and be confident.
3. To improve students` state of health and wellbeing, mental and physical fitness, self-confidence and sense of self-worth.
4. To promote personal dignity and respect for life through the practice of martial arts.
5. To offer support and guidance to students on all matters including self-protection, to enable more people to make sensible and smart decisions on staying safe.
6. To create a culture of care, discipline and respect that will enable the club's members to enjoy the benefits martial arts bring in and out of the dojo.
7. To work hard as a club to continue monitoring and improving our internal standards to continue offering the very best levels of care and training for our students.
