## Medical Disclosure

**This is really important.**

*We need to know if you have any past or current medical conditions, injuries or medication that you might need to disclose to your instructor.*

This is stored in the utmost of confidence and will be treated with sensitivity. Our instructor needs to know if there are any injuries or conditions present that might heighten your risk of injury or harm when undertaking different exercises and drills.

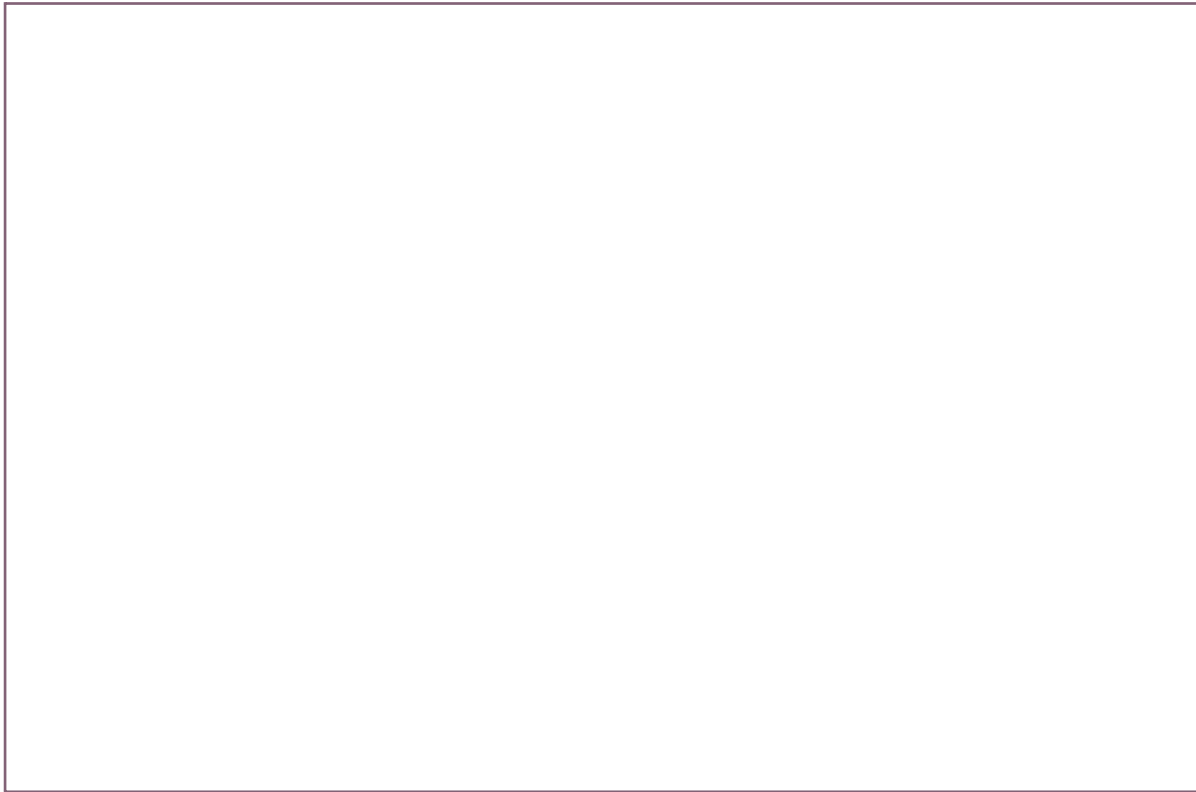

Should the worst happen and an injury occur, it's essential the instructor is aware of any underlying medical conditions or injuries that might have contributed to, or caused an incident.

**Please talk with your GP before training with us if you have any concerns or any medical conditions past or present to ensure it is safe to proceed.**

## *MEDICAL CONDITIONS AND INJURIES*

Please think carefully and include any past or present injuries and medical conditions that might affect your ability to participate. This might include, for example, a previously broken left wrist that is now weakened, or a knee that is weak (but has not been investigated by your doctor), or it could refer to a past or on-going condition – such as Asthma or Arthritis.

Please also include details of any allergies you might have.

We're committed to offering an equal opportunity for everyone to participate regardless of any medical requirements or mobility issues.

Please note any medication you are on that might affect the way you act during the class, or might change your abilities during exercise. Please also note any disabilities you would like noted, or any other requirements you may have.

*PREGNANCY*

Unfortunately, our classes are not suitable for anyone who is, or may be, pregnant due to the nature of impact and contact. We won't ask you to confirm you're not pregnant – but please talk to your instructor now, or in the future, should this become relevant.

### *EMERGENCY CONTACT / NEXT OF KIN*

Please indicate who we should be contacting in the unlikely event of an incident.
